

Secure Remote Viewer

Secure Remote Viewer (SRV) is a web-based system that allows healthcare providers access to newborn screening results. The system allows users to search, view, and print results immediately from their computer.

SRV REGISTRATION

The Secure Remote Viewer (SRV) requires registration with the Alabama Newborn Screening Program. Physicians may register with the system by completing the registration form found on the next page and faxing it to (334) 260-3439. We will verify that you are currently in the State Newborn Screening Laboratory system to be eligible to gain access to SRV.

Each physician is required to provide their state license number, National Provider Identifier (NPI), and an email address. On the registration form you will also be asked to provide two options for the account's user name. Once registration is complete, the registrant will receive their username and password via the email account provided. The email will not include the link to the SRV website for security purposes. You will need to log into the link below to access the SRV once you receive your username and password.

Authorized users will be able to find and view the most recent newborn screening results for each patient after providing the required minimum search criteria.

The following is a listing of requirements in order to utilize the SRV application:

- ✓ **Web Browser:** compatible with Mozilla Firefox v3.0 and higher; Microsoft Internet Explorer v7.0-v9.0
- ✓ **Operating Systems:** Windows 2000, Windows 7, XP, and Vista
- ✓ **Pop-up Blocker:** must be turned off in the browser settings or a website exception added in settings to ensure authentication and for the lab report (PDF) pop-up's to appear.
- ✓ **PDF Viewer:** must have to view lab report
- ✓ **Cookies:** browser must be set to enable cookies or a website exception added for the SRV web address (see user guide)

SRV INSTRUCTIONS

<p>1. You will receive an email from donotreply_srv@adph.state.al.us with your username and password (check SPAM or Junk Mail if you have not received it within 2 days of submitting your request).</p> <p>2. To access SRV, go to: https://neosrv.adph.state.al.us</p> <p>3. Log in using the username and password provided.</p> <p>4. You will be prompted to reset your password.</p> <p>5. Once you are at the Home Screen select the icon Access Result Reports.</p>	<p>6. An infant's test results can be found by entering the last name, date of birth, and hospital of birth in addition to any one of the following: mother's first or last name, infant's first or last name, mother's social security number, or form number (6 digit number on filter form followed by last 2 digits of birth year).</p> <p>7. Once the search criterion has been entered select the Perform Search button at the bottom of the page.</p> <p>8. If the minimum criterion has not been entered "Invalid Search Criteria" will display.</p>	<p>9. If the system is unable to find an infant, "No Records Found" will be displayed.</p> <p>10. If there are results matching the search criteria, they will be displayed along with the specimen's status (pending or reported).</p> <p>11. Once the infant's results are located the user will check the box next to the name and select View Report. The user has the ability to print or save the results. More than one box may be checked if the infant has multiple reports.</p>
